About the Institution

Saraswati Mahila Mahavidyalaya was established in 1988 and is affiliated to M.D. University, Rohtak. The College is being run by a progressive society Saraswati Education Society (Regd.) which is committed to provide high quality education to the young girls of the area. We are pioneer in the field of girls' education in the region. Over the years, SMM has carved a niche at high level among the academic institutions. SMM is highly acclaimed for disseminating knowledge and students grooming by the academicians, students and the general public. At present 11 undergraduate and 4 post graduate courses are being run by the institution. This institution has materialized girls' dream of revealing inner potential by providing them excellent infrastructure, a spacious auditorium, conference hall, well equipped computer labs, Audio-Visual rooms, sports facilities, well stocked library, gymnasium and large lush green play grounds. Our students have been excellent not only in academics but also in other activities like N.S.S,YRC, Sports and Cultural Events.

About the Webinar

The majority of us have realized and appreciate the importance of "Vedic Mathematics and it's Applications". It gives a unique technique of calculations based on simple rules and principles, with which any mathematical problem can be solved. Vedic Mathematics is a book written by the Indian Monk Bharti Krishna Tirtha, and first published in 1965. In this book, a set of 16 sutras (aphorisms) and 13 sub-sutras (corollaries) have been taken from the "Atharva Veda". It promotes the traditional knowledge of mathematics which facilitates analytical thinking and measured approach towards every problem. Vedic Mathematics have wonderful applications to Arithmatical Computatations, Theory of Numbers, Compound Multiplications, Factorisations, Simple Quadratic and Higher Order Equations, Partial Fractions, Calculus etc.

Our goal is to help students to realize the power of mathematics in their studies, career and life.
